

This document aims to protect anyone joining us onboard any Sailboat Project CIC vessel contracting Covid 19. It will be updated with the latest advice and guidance from gov.uk and the RYA. Please check you have the latest version.

We ask people not to come onboard if you have symptoms of Covid 19, or have tested positive less than five days ago.

We ask everyone to sign a disclaimer on your Consent Form that you are currently Covid 19 infection and symptom-free.

We are planning to provide Lateral Flow Tests which we ask everyone to take together, on deck, at the start of each sailing activity.
